Part II.

SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:

this application is in condition for allowance, however, it appears that the present specification does not provide adequate support for the limitation "produce compressed tablets...at a tableting pressure of 0.7 to 1.3 ton/cm2". Applicant's attorney was consulted for further clarification but the interview did not resolve the new matter issue.

Part III.

☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.

☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.
